Re: Parking Lot Resurfacing and Re-Striping of Spaces

Dear Owners and Renters at Gateway Arms Condominium

### **Parking Re-surfacing**

We will be having our parking lot re-surfaced and re-stripped at the end of January. This will require that the parking lot be free of cars for a 4 day period.

**From Jan 28 (Monday) through Jan 31 (Thursday) you will not be able to park in your usual space.**

We have received permission from KenBar management to temporarily use their resident parking lot on the north side of KenBar apartments on 8<sup>th</sup> Court. You are requested to use the lot on the north side of the apt. building, except the slots next to their building. There is street parking on 19<sup>th</sup> Ave. NE, just south of the party store. We are also seeking permission for parking in the Gateway Theatre lot on the west side of 19<sup>th</sup> Ave NE, just south of the party store, and will keep you posted.

Do not leave valuables in your car.

Please insure that by 8am, Monday, Jan 28 you are out of your parking spot so that the workers may proceed with re-surfacing.

Also, the cement parking bumpers will be power-washed this week, probably on Tues or Wed. Insure you leave enough space for the power washer to work in front of your car bumper.

### **Re-Numbering**

**Your parking slot remains the same.** As a security measure, the parking slot will not identify the apartment unit.

Thank-you for your cooperation.
